1. MAES Seed Partner in good standing on Research Fees.
2. MSGA member and successful grower of certified seed in one of the last three years.
3. Qualified applicant will receive an invoice with the seed quantity and location. Grower must have a signed MAES Research Fee Agreement to take delivery on the foundation seed.

MAES is a Sponsor of the "Farmers' Yield Initiative". While most producers respect the PVP laws, there are some who seek to gain an unfair advantage over other producers by working outside the legal system. Please consider submitting a confidential tip to help curb illegal seed sales. "Tip Line Tool: 1-877-482-5907"
