

Horticulture Internships

The Chicago Botanic Garden is 385 acres of natural beauty with 24 display gardens and four natural areas. It has more than 2.4 million plants of more than 9,000 taxa and is highly regarded for the quality and maintenance of its displays. A recognized center of education, research, and conservation, the Chicago Botanic Garden has a respected internship program.

Visit www.chicagobotanic.org/internship for more information.
