To Whom It May Concern:

I am looking to expand and strengthen my staff by adding enthusiastic hard working interns. This upcoming season looks to be busy and should pose a great learning opportunity for the right person.

Interns will be held accountable for their work and our expected to maintain professional appearance and attitude. Responsibility will be placed on individuals that expose them to all aspects of the golf course maintenance industry. Such responsibilities will include: safe and proper chemical calibration and applications, hand-watering techniques that coincide with championship playing conditions, irrigation repair and maintenance, and course set up for tournament and weekend play. Our goal is to ensure that interns have an educational and successful internship if they have the desire and drive to do so.

Enclosed is a description of the internships that will be available at the Round Hill Club in the spring of 2010. I would appreciate it if you would post the enclosed page for your students to review. I would be happy to attach a copy to an e-mail if you would like to forward the information on. I can be reached via e-mail at [seanfoley2@optonline.net](mailto:seanfoley2@optonline.net).

If you have any questions, please feel free to contact me at (203) 869-6477

Thank You,

Sean Foley
