

4. Nematode tests

We offer test for seedborne or contaminated nematodes of *Ditylenchus* and *Heterdoera* spp., for seed exported to India and other countries.

Test	Seed Quantity	Price/sample
<i>Ditylenchus</i> spp (stem and bulb nematodes) and <i>Heterodera</i> spp.(pea cyst nematodes)	1 pound	\$35

Note: Test Time: It usually takes 2-4 days from the date of receipt to complete test.

Rush Fee: \$35 per sample for nematode test. We discourage Rush, so send your samples ahead of time!

Rush means your sample will be placed ahead of other non-rush samples on the queue
